CLARESHOLM, ALBERTA, FRIDAY, MARCH 19, 1926

## The Men's and Boys' Cash Store

We carry the best merchandise made by the best factories in Canada. We buy direct from the factory; no middle men's profit paid.

Slater Shoes, Tebbutt Shoes, Brock Hats, Wolfe Caps, Cook Clothing, Watson Underwear, Northern Shirts, Headlight Overalls, Acme Gloves.

When in need of above goods be sure and give us a call; we can save you money.

**C. J. BRAREN**

## CLARESHOLM LOCAL NEWS

Albert Anderson is reported very ill with pneumonia.

Born, at the local hospital on March 7th, to Mr. and Mrs. A. Furness, a daughter.

The home cooking able, at the Parish Hall, April 3rd, spells "delicacies for Easter time."

Services will be held in the Church of England on Sunday next, March 21, at 11 a.m. and 7:30 p.m.

We are sorry to report that Clarence Smith had the misfortune of having his leg broken one day last week.

Come, greet with us the message of spring time, in the Parish Hall, Saturday, April 3—Ladies of St. John's Guild.

The first wild crocus blossom of the season in this vicinity is reported from Meadow Creek, where Grace Grey found one on March 17th.

The Officer Commanding Military District No. 13, and staff, will be down to inspect "B" Squadron, 2nd A.M.R., on Thursday evening, March 25.

Rev. J. A. Tench is leaving soon for Medicine Hat, to take charge of the Nazareth church work there. Mrs. Olive Bean, B.A., will take charge of the work in Clareholm.

From their mossy throne, little flower mounds will supply you with golden daffodils to grace your Easter table. Parish Hall, April 2nd, at 3 p.m. Ladies of St. John's Guild.

The past week has been a week of fine spring weather, with the exception of a few hours of high wind and dust on Tuesday, during which sand drifted into the road badly in places.

The Clareholm U.F.W.A. intend holding their annual afternoon tea of March 20th, in the rest room. Tea and coffee will be served from 3 to 6. Come and get a work apron to fit you—Pres.

"Recompense," with Marie Prevost and Monte Blue, at the Rex theater Friday and Saturday this week. This is Robert Keable's sensational sequel to "Simon Called Peter." The attraction for next Monday and Tuesday will be "One Law for the Woman," with Mildred Harris and Cullen Landis.

Forty horses, ages from five to nine years, most of them weighing from 1400 to 1650, the property of C. E. Furman of Taler, will be sold, by public auction at the Thos. Moore barn, two blocks west of power house, Clareholm, on Saturday afternoon, March 27. These horses are well broken and grain fed. A. E. Runions, Agent.

A rabbit drive was successfully carried out on Monday, March 15, eight miles east of Clareholm, by a party of men from Stavelly and a few of the best sports of Starline. Killing between 260 and 300 rabbits. After the drive a lunch and coffee was served at Freeman Anderson's home by a few of the ladies who took part in the event.

The Elks' St. Patrick's Day dance Wednesday night, at the another big success for the Clareholm Lodge. The hall was packed with a merry and orderly crowd of dancers. The music by Mack's Melody Makers was all that could be asked, and the lunch was handled in the same highly efficient manner as on the occasion of their Valentine dance.

A prairie fire which gained headway in the Meadow Creek district southwest of town during the high wind on Tuesday, is reported to have destroyed considerable field. It burned through the Dawson ranch and crossed Schaff Creek onto Vance's place. It was prevented from doing further damage by the hard-fighting, coupled with the fact the wind subsided toward evening.

MacLeod Lodge No. 129, Benevolent and Protective Order of Elks, was instituted at MacLeod on Tuesday night, nearly a hundred strong. In fact more than one hundred applications were in on that date and will get their degree at the next meeting of the lodge. Clareholm Lodge was there about sixty strong. The

Gramum Elks were also there in force, and Stavelly was well represented. Elks were also present from Lethbridge, Pincher Creek and other points. Dr. Conybeare of Lethbridge officiated at the installation of officers. Gramum and Clareholm patrols put on the degree work, and did it in a highly efficient manner. At the close of the work the members of the newly formed, Macleod Lodge were hosts to the visiting Elks at a fine luncheon.

The girls of the Y. W. C. T. U. will present a pageant entitled "Under One Flag" in the I.O.O.F. Hall on Monday evening, March 29. This will also be the occasion of the presentation of prizes offered by the W. C. T. U. for the best essays written in the various school grades. The pageant has a special musical program with orchestra accompaniment, and a younger class of children will present drills.

## STANGE—ALLEN

Thursday noon at 12:30 o'clock rather quiet wedding was solemnized at the home of Mr. and Mrs. Richard A. Allen, one house west of the Clareholm Hospital, when Miss Cora Mae Allen married Mr. John Henry Stange, a prosperous young farmer six miles northeast of town. The ceremony was read by the Lutheran pastor, the Rev. K. F. Holtzen, of whose congregation Mr. Stange is a member.

The bride entered the living rooms by the arm of her father, dressed charmingly in a gown ofapphire satin backed cotton crepe and carrying a beautiful bouquet of white and pink carnations. Miss Christine Straughan of Parkland and Mr. Frank Stange, brother of the groom, attended as witnesses. After the ceremony a dainty sumptuous dinner was served.

Though the family of the bride had arranged for a quiet wedding, one of the brothers of the groom, together with the president of the Lutheran Young People's Society, Mr. Rudolph Laige, arranged quietly for the presence of the Society at the ceremony, with permission of Mrs. Allen. These young people, without the slightest previous knowledge on the part of the young couple, opened and closed the service with the following beautiful hymn verses:

O perfect love, all human thought transcending,  
Lowly we kneel in pray'r before Thy throne,

That Thine may be the love which knows no ending,  
Whom Thou forevermore dost join in one.

Thy way, not mine, O Lord,  
However dark it be!  
Lead me by Thine own hand,  
Choose out my path for me.  
I dare not choose my lot:  
I would not if I might;  
Choose Thou for me, my God,  
So shall I walk aright.

Hereupon the young people disappeared suddenly, but only to appear again later to accompany their good friends to the afternoon train with the usual superabundance of rice and confetti.

The Xao-Lee-Weis will spend a few days honeymooning in the direction of Calgary and later live in a new bungalow now under construction about eight miles northeast of Clareholm. Many friends join the parents of Mr. and Mrs. John Stange in wishing them a long and happy career of mutual love and helpfulness.

## CAVENY—SMITH

The marriage of Miss Medessa Elizabeth Smith, daughter of Mr. and Mrs. Hugh Smith of Clareholm, to Earl Leroy Caveny of Stavelly, Alberta, was quietly solemnized on March 11 at 5 o'clock, at the Knox church, Calgary, the Rev. George A. Dickson officiating.

The bride looked charming in a gown of pale blue duchess satin, and was attended by her sister Miss Nola Smith, who wore a gown of pale pearl taffeta.

The groom was supported by Mr. William Wilcox, also of Clareholm.

The groom's gift to the bride-maid was a silver serving tray, to the best man a tie pin with a pearl setting. The happy couple left for their home at Stavelly amid showers of rice and confetti.

## Greater Industrial Development Shown Within Recent Years In The Western Provinces

Of recent years, and evidenced most markedly in 1925, there has been pronounced activity in Western Canada in the direction of achieving a greater industrial development, and this through the exploitation and utilization of the wealth and variety of the natural resources of the area possessed. This broad territory is commonly regarded as being purely agricultural, dependent entirely upon the east and other countries for its manufactures, and whilst it is true that the great bulk of its revenue is derived from farming, with manufacturing a relatively unimportant phase of its economic life, there is, at the same time, a steady industrial expansion evident in Western Canada, and this is coming to manufacture a larger share of its fabricated requirements.

The prairie provinces being so essentially agricultural, the manufactures from farm products are naturally the ones which have been developed first and most extensively. In the three provinces' four and grist mills constitute the greatest industrial activity. Slaughtering and meat packing occupy second place in Alberta and Manitoba, but in Saskatchewan butter and cheese manufacture has second place, whilst in third in the sister provinces. In British Columbia, resources differ drastically, and the mountain woods of the province have made lumber its first activity, and pulp and paper its second, with fish, preserved, at third place with an important and important role. The leading industries of the prairie provinces are cotton and jute bags, electric light and power, bread, biscuits and confectionery, coffee and spices, printing and publishing, cash doors and planing mills, meat liquors, aerated and mineral waters, and various other staples. British Columbia's fourth industry is electric light and power, followed by slaughtering and meat packing, fruit and vegetable canning, steel metal products, cash doors and planing mills.

Vancouver has become the first industrial city of Western Canada, with a production value of \$7,121,505, followed closely by Winnipeg with a value of \$7,017,027. The cities are outstanding, and Calgary, which occupies third place, has an annual manufacturing production value of only \$3,117,120. St. Boniface, Regina, Edmonton and Victoria have each a production in excess of \$100,000, and Moose Jaw, Saskatoon, Medicine Hat and New Westminster in excess of \$50,000. Other important manufacturing cities are Brandon, Battle River, and The Pas in Manitoba, Prince Albert, North Battleford, Yorkton and Weyburn in Saskatchewan, and Lethbridge and Medicine Hat in Alberta, and Prince Rupert, Fernie, Kamloops and Nanaimo in British Columbia.

Efforts towards industrialization in Western Canada have been very much more marked and become much wider in scope since the last survey was made by the government, and developments of a magnificent industrial nature have taken place. But such manufacture has been inaugurated in Alberta, and off-relying is steadily becoming a more important activity as the crude product is drawn from the Montana field, whilst more successful results are confidently awaited in Alberta and Saskatchewan. In the same province the manufacture of cereal straw into paper pulp has at most reached the stage of actuality, and there would seem every probability that very soon the large stands of the Athabasca will be valuably utilized. Sodium sulphate deposits in Saskatchewan have been put on a commercial basis and the product is being shipped east and south, whilst gasolene oil continues in the matter of utilizing the province's resources of lignite. Altogether there is evident in Western Canada a very marked determination to expand industrially through the exploitation and development of the great wealth and variety of the natural resources of that area.

**Wheat Shipments to Vancouver**  
Exports of wheat from Alberta to Vancouver are expected to reach 50,000,000 bushels in the 1925 crop shipping season. The Canadian Pacific Railway is moving about 2,600,000 bushels a week to the Pacific coast.

**W. N. S. (1925)**  
"They were those who towels I brought back from my holiday."

### Market For Canadian Coal

**Introduce Bill in House to Lay Duty On U. S. Coal**

Application to hold Canadian market for Canadian coal took a concrete form in the House of Commons when two bills were introduced asking that heavy duties be levied on all coal entering Canada from the United States.

With the tie-up in the American anthracite fields, the manufacturers of the east have looked more and more to Alberta for fuel requirements, and it is predicted at Ottawa that the \$7 rate for Alberta coal to Ontario will result in the complete capture of that market by the prairie mill owners.

Millions of tons which have been disturbed over the unemployment in the coal fields of the east are also pressing for some action that will keep the Canadian market for Canadian mines and give work to Canadian workmen, and are supporting the proposed measures.

It is recognized, however, that the raising of a tariff barrier against the United States might have a serious effect on Canada owing to the balance of trade in favor of the United States, and there is a general desire to keep the Canadian market for Canadian mines and give work to Canadian workmen, and are supporting the proposed measures.

**Log Marketing in Canada**  
Over 120,000,000 lbs. of Bacon Sold at Great Britain Last Year

The marketing in Canada during the past year constituted a record, according to a statement made by the Dominion livestock commission. Supplies kept pace with those of 1924, in addition realizing prices anywhere up to \$8.00 per hog more on good hogs than during the previous year.

It is estimated that the increase in hog sales revenue over 1924 for the whole Dominion during 1925 was about \$15,000,000.

**Want More Settlers**  
Wheat Has Manitoba Aid in Aggressive Immigration Plan

Formation of an advisory board by the Manitoba government for the purpose of more efficient coping with the problem of immigration, was urged by a resolution adopted at the provincial conference in Winnipeg.

P. W. S. Crispo, Winnipeg, in reporting the resolution, recommended that the government should adopt a more aggressive immigration policy and urged the appointment of a permanent agent by the province, with headquarters in London.

J. Allison Giff, of Russell, Man., was elected president of the conference.

**Saskatchewan Registered Seed**  
Seed Growers' Association Improving Facilities For Handling

"Improvement and expansion of the facilities for handling registered seed are included in the programme now being carried out by the Saskatchewan Registered Seed Growers' Association," said M. T. Tully, manager of the organization.

Last year the association marketed five times as much registered seed as has been done in any other year prior to that time and for the 1925-26 season to date inquiries from farmers in the province and seed houses in the United States indicate a 50 per cent increase over the 1924-1925 seed season.

**The Awful Brute**  
"I told him he was a brute, and returned him his beastly response."  
"And what did he say to that?"  
"Said me a dozen boxes of face powder in return for what he had taken home on his coat."

**Preocious Bandits**  
Judge by the increasing youthfulness of our criminals it would seem as if our modern system of education was fulfilling its promise of teaching the young idea how to shoot—Tom Mason, St. Collier's.

**W. N. S. (1925)**  
"You simply cannot find a maid who is honest," said Mrs. Smith. "The last one I met suddenly with a fine of."

**What kind were they?**  
"They were those who towels I brought back from my holiday."

### Value of 1925 Crop

**Aggregate Value of All Field Crops Shown in Canada Is Higher Than in 1919**  
The aggregate value of all field crops during 1925, according to a report of the bureau of statistics, is \$1,128,241,970, as compared with \$950,236,500 in 1919. The year 1925 is the first since 1920, and the war period, that the field crops have exceeded \$1,000,000,000 in value. The items going to make up the 1925 total, together with 1924 figures in brackets, are as follows: Wheat, \$460,116,500 (\$459,662,000); oats, \$209,048,000 (\$200,658,000); barley, \$57,829,100 (\$61,700,000); rye, \$2,271,800 (\$15,477,500); peas, \$5,616,400 (\$5,676,000); beans, \$3,874,600 (\$3,806,900); buckwheat, \$5,889,600 (\$10,149,000); mixed grains, \$121,900,900 (\$122,525,000); flaxseed, \$19,462,500 (\$18,849,300); corn for making, \$8,858,700 (\$12,147,000); potatoes, \$5,616,400 (\$7,256,000); turnips, \$19,462,500 (\$18,849,300); hay and clover, \$16,428,400 (\$16,587,000); alfalfa, \$28,729,500 (\$14,700,000); fodder, corn, \$22,460,100 (\$29,200,000); grain hay, \$11,037,000 (\$18,250,000); and sugar beets, \$2,754,000 (\$2,548,000).

**Cattle Shipments to Britain**  
Strong Demand For Canadian Cattle Has Stabilized Prices

During 1925, 110,557 head of cattle were shipped from Canada to Great Britain, as compared with 120,000 in 1924 and 56,649 in 1923, an increase of 34.2 per cent. over the previous year, almost 100 per cent. over 1923, according to a report of the Dominion livestock commission. This strong demand for Canadian cattle was instrumental in maintaining domestic prices at high level.

**Alberta Wool Shipments**  
Over Million and a Half Pounds of Wool Shipped to Toronto

Over 1,500,000 pounds of wool have been shipped from Alberta to the U.S. cooperative association at Toronto for disposal during the past year. This is an increase of 60,000 pounds, as compared with the previous year, and is approximately one-third of the total quantity supplied by all provinces to the Canadian Co-operative Wool Growers' Association during the past year.

**The Glamour Is Gone**  
A border sheep stealer has been sentenced by Lord Leveson to two years' hard labor.

The penalty for sheep stealing used to be hanging. This form of theft is exceedingly rare in these days. Rob Roy was "litter" stolen cars, motorcycles and bicycles. Even Sir Walter Scott would find it difficult to garland the motor thief with the glamour of romance. Our criminals are no longer picturesque. There is a slump in highwaymen, pirates, brigands and bandits—London Sunday Express.

The share of a drum is not as dangerous as that of a belly drummer.

### Favorable Trade Returns

**Canada's Exports Now Four Times Greater Than in 1919**  
Thirty-six times unfavorably and twenty-two times favorably, Canada's trade balance has annually stood since Confederation in 1867, according to W. McI. Clark, director of the Canadian commercial intelligence service. Sales over purchases, when all is added together, however, represent a gain of exports over imports of almost one billion dollars. Physical expansion of Canadian exports is indicated in what exportations being four times larger in volume today than in 1919; four, four and one-half times greater; wheat, three times larger; barley, three times larger; oats, 11 times larger; barley, 15 times; rye, 14 times; automobiles, 200 times; and sugar, 2,500 times.

Canada's total trade in 1925 was \$2,610,000,000, as compared with \$200,000,000 more than in 1924. Imports last year were \$890,000,000, an increase of \$82,000,000. Exports (Canadian) in 1925 were \$1,720,000,000, an increase of \$12,000,000. Foreign merchandise exported from Canada last year amounted to approximately \$120,000,000. The favorable trade balance of \$230,000,000 for 1925, says the bureau of statistics, has only been exceeded on one occasion, viz., 1911, when it amounted to \$257,000,000.

### Trained Farmers Coming

**Britishers Instructed in Elementary Farm Work to Migrate to Canada**  
Forty men, who have received six months training in elementary farm work under the auspices of the overseas settlement committee at a training centre near Ipswich, will emigrate to Canada about the middle of March, according to a dispatch received from London, England. This is the first batch of recruits that will migrate to Canada under the new scheme of the overseas settlement committee, under which inexperienced men are given training in the farm methods of the country to which they prefer to emigrate, before leaving England.

**Butter Exports**  
Heavy Increase Is Shown For 1925 Over Previous Year

Exports of butter from Canada during the twelve months' ended December 31, 1925, were 25,646,535 lbs., as against 22,245,532 lbs. for the previous twelve months, according to a report of the Dominion external trade branch. In addition 4,077,487 gallons of cream were shipped from the Dominion up to the United States during the past year, as compared with 3,258,522 gallons in the calendar year of 1924.

**Heavy Wheat Yield**  
According to reports at Calgary, John Dewar, a farmer of the Jordan district, threshed 1,860 bushels of wheat from 20 acres, an average of 92 bushels to the acre.

Germany's submission to the horrors of democracy is now complete. She is holding a Miss Germany contest.

**Hermist For Forty-eight Years**  
Isaac Church, of Chester, Nova Scotia, who adopted the life of a hermit when he was rejected by the girl he loved at the age of 20 and who lived 48 years in the different parts of the forest, is dead. He was forced out of his retirement a short time ago by ill-health.

During infancy he never saw a woman except on one or two occasions when inquisitive tourists braved him in his den, only to be sternly ordered away.

**Valuable Mineral Discovery**  
Only Known Deposit of Lithium Minerals in British Empire Are in Manitoba

The only known deposit of lithium minerals in the British empire having possible commercial value lies, according to Dr. J. F. Wright, of the geological survey, within the province of Manitoba. In July, 1924, an outcrop of massive lepidolite was discovered about one mile south of Winnipeg River and 10 miles east and a little north of Pointe du Bois. Within the last six months specimens and monographs and a number of other rare minerals have also been identified in this locality. It is believed that future prospecting will uncover other similar deposits in Southwestern Manitoba and Western Ontario.

**"Rotor" Principle For Ships Is Failure**  
The dream of revolutionizing navigation by means of the "Rotor" principle invented by Anton Fleitner has turned out to be just a dream after all. The rotor ship, Buchan, upon which Fleitner mounted his twin revolving towers and with which he sought to convert shipbuilders that the day of screw propulsion was done, is to be abandoned.

**Many Settlers Coming**  
Five thousand settlers are in sight for Canada this year under the land settlement scheme according to Major John Barrett, chairman of the soldier settlement board. "The majority will come from Great Britain and will be prepared to take root in Canadian soil, as whole families will come out together," Major Barrett said.

**Woods Hutchinson has called the**  
By the "Joy" automobile of the "gown" for as many as 6,000,000,000 will be taken to the body of a single instant.

## Indications Point To More Attention Being Paid To The Poultry Industry In Canada

### Where Hard Wheat Is Grown

**Canada and Northern Europe Greatest Producers of Wheat**  
The United States and Northern Europe are the great growers of wheat, and that Canada will never be able to equal their yield per acre, says the statement of Dr. F. E. Bae, director of the soils department, Ohio State University, speaking to the National Cereals Trade Association in Montreal recently. Although Canada's output of wheat is still far below that of the United States, it must be remembered that only a small percentage of the arable land in the Dominion is under cultivation, and when the acreage planted to wheat in Canada equals that of the United States, there is little doubt but that the Dominion's wheat yield will more than exceed that of the United States.

### Canadian Farmer's Income

**Average Income For 1925 Is Placed At \$1,500**

The average income of the Canadian farmer during 1925 was \$1,500, according to Dr. J. H. Grisdale, federal deputy minister of agriculture, speaking at the New Brunswick Farmers' and Holdings Association, which is stated compared favorably with the average income of the Canadian in other trades and professions. This represented the distribution of 1,500 million dollars valuation of the 1925 farm products among the million farmers of the Dominion.

### The Fruit Industry

**Said To Be In Better Condition Today Than For Many Years**

The fruit industry of the Dominion, as a whole, is in better condition today than for many years, and is improving through the elimination of the careless grower and his poor fruit, according to a statement by G. C. McIntosh, Dominion fruit commissioner, at the annual convention at Vernon, B.C., of the British Columbia Fruit Growers' Association. It is estimated that there are now 200,000 acres in Canada devoted to fruit culture, valued at \$120,000,000.

**Hermist For Forty-eight Years**  
Isaac Church, of Chester, Nova Scotia, who adopted the life of a hermit when he was rejected by the girl he loved at the age of 20 and who lived 48 years in the different parts of the forest, is dead. He was forced out of his retirement a short time ago by ill-health.

## Empress of Scotland at Nice

Promenade des Anglais, Nice, France

Governed by the sovereign prices of the House of Grimaldi, there is a tiny island in the famous Riviera called Monaco which has been the resort of all fashionable Europeans for ages. Washed by the blue waters of the deep blue sea, perpetually bathed in glorious sunshine, the beautiful cliffs of the little principality are favorable to health resorts in winter and bathing places in summer.

In Nice, there is the famous Promenade des Anglais, where, it is said, if one walks long enough under the shade of one of the lofty trees, one may meet almost every American in the world who must pass that way at one time or another. The Canadian Pacific Line Empress of Scotland, making a cruise around the world this year, recently dropped anchor in the bay opposite the Monte Carlo Casino. The passengers were taken to the motor where they spent a happy day sightseeing.

## Closing Exercises at the School of Agriculture

The closing exercises at the Clareholm School of Agriculture will be held on the evening of Thursday, March 25. The graduating classes and a few special guests will attend a banquet at six o'clock, tendered by the staff, and first year students, in honor of Class 26. The usual graduation exercises will commence at 8 o'clock in the school assembly hall. The speaker for this occasion is Dean E. A. Howes of the Faculty of Agriculture, University of Alberta. This public meeting will be followed by the closing dance. Refreshments will be served at the dance and Mack's Melody Makers have been engaged to supply the music. A charge of \$1.50 per couple and 50c for extra ladies will be made for the dance. The citizens of Clareholm and vicinity and the parents and friends of students are cordially invited to attend these closing celebrations.

## Chingok Gossip

Billy Henker and family moved to Lethbridge. While there Mrs. Henker and daughter Helen underwent a slight operation.

Billy Fleming bought the complete farming outfit of Corney Sloan last week. Corney expects to go back to Washington.

Mr. and Mrs. Walter Rye and son returned from their trip to California last Wednesday.

A large number of neighbors spent Sunday at the home of Frank McKeeney.

Billy Hahn bought a house from the Lutheran congregation at Daly Creek; price \$1175.00.

Bertram, Erdman returned from North Dakota last Saturday.

Mr. and Mrs. Bertie of Granum left last Monday for Italy and expect to return again in July.

Miss Florence spent the week end visiting her uncle in B.C.

Ducks, geese and meadow larks have made their appearance in this district.

## Grain Growers Listen

Now more than ever is the time to kill the weeds, before putting in your 1926 crop.

## The Big 16 Blade Weeder

It will do the work the way you want it done. Ask the man who owns one. The regular size of this weeder is 12 ft. long, with 16 steel blades and each blade has a cutting capacity of 22 inches, making it impossible for any weeds to pass through the weeder without being destroyed.

The blades are 32 inches wide and are self sharpening. We build this weeder from 12 to 20 feet long as required. With this implement you'll kill all the weeds with one stroke of the weeder.

The Big 16 Blade Weeder is sold direct to the farmer at a price so low that no grain grower can be without one. By using this weeder your soil will not drift as the blades work underground, leaving the surface of your soil rough.

Manufactured and sold by

## The Big 16 Blade Weeder Ltd.

The Weeder that kills the weeds.

## PRICE CHANGE

Introduction of the improved Ford closed models in colors has substantially increased the demand for these popular cars. In line with the policy to give its customers the benefit of all reductions in production costs, the Ford Motor Company of Canada, Limited announces substantial reductions in all closed models except the coupe. These reductions effective as of February 11th.

	New Price	Old Price	Reduction
Fordor	\$755	\$895	\$140
Tudor	695	755	60
*Chassis	325	335	10

Added refinements in the new model runabout, touring car and light delivery have necessitated a slight price increase. These prices are now as follows:

	New Price
*Runabout	\$410
*Touring	440
*Light Delivery	435
Coupe	\$665
*Truck	485

♦ Equipped with starter \$85.00 extra

All prices f.o.b. Ford, Ontario  
Government Tax extra

## SNOWSHOERS FETED AT ANCIENT CAPITAL

Upper—Snowshoers marching through streets of Montreal. Lower—McKeeney winner of the 100-yard snowshoe championship.

THE tramp, tramp, tramp of four thousand snowshoers as they fell with regular thud over the soft, new snow which was falling in the night, was accompanied by glaring torchlights and with all the pomp and splendour which Quebec had to offer the two thousand snowshoers who had come from the furthermost parts of Canada and the United States to participate in the International Snowshoe Union Convention which was held at the Ancient Capital recently.

Arriving on special trains the snowshoers were warmly welcomed to the city by Pro-Magay Bringuette. In true French-Canadian style they were given the freedom of the city and later were entertained at lunch in addition to a smoking concert, a special church service was held at which hundreds of snowshoers, representing forty-seven clubs, were present.

In the afternoon of the first day six snowshoe races, involving three world championships and three Canadian championships, were held. The American snowshoers, not having sent in their entries by February 1, as required according to the International Rules, were ineligible to compete for the titles, which all went to Montreal clubs.  
In the evening the snowshoers were at the grandiose smoking concert which was held in the Drill Hall on Grand Alley. The next afternoon they took part in various attractions offered them and departed in special trains at night after attending the hockey match between St. Valier of the Quebec City League, and the Lewiston Hockey team.  
B. McKeeney, M.A.A., Montreal, won the 100-yard Canadian Snowshoe Championship, and the 220-yard World Championship, at the races. M. Martin, National Club, Montreal, won the 440-yard Canadian Snowshoe Championship. W. Smith, M.A.A., Montreal, won the mile Canadian Championship. G. A. Gries, M.A.A., Montreal, won the 120-yard hurdles, World Championship. Among the visitors were three clubs from Lewiston, and another from Auburn, Maine.

## Foolish Saving

A penny saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not looked on as lost; but is the money spent on better interior lighting.

Anything that increases the favor, that adds sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising sells more goods to more persons than shop windows do.

### A WORD TO THE PUBLIC

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, he does not want to respond to his friend's overtures.

### The United Church

A special young people's service is being held in the United Church this coming Sunday evening, March 21, at 7:30 o'clock. A special invitation has been extended to the staff and students of the Agricultural School to be present at this service, the last Sunday evening of the present school term, and the Rev. Geo. Welhoff will give an address to the students, and other young people, on the practical and timely theme, "What is your life worth?" a study in social life.

Next Sunday morning the pastor will speak on "The Great Gospel Call," and our reply to it.

The mid-week service on Wednesday evening next will be a special service of prayer and preparation for Sunday School Devotion Day. The special theme for Bible study will be, "Our Great Salvation."

During Passion Week, commencing Sunday, March 28, special services will be held in the United Church each evening at 8 o'clock. A cordial invitation is extended to all to participate in these services.

### Four Square Gospel

We preach Jesus Christ, and Him crucified.

Sunday, March 21st:  
11 a.m. Worship.  
2:30 p.m. Sunday school and Bible class.  
3:15 p.m. Evangelistic.  
7:30 p.m. Evangelistic.

Week nights, 8 o'clock:  
Monday, Orchestra practice.  
Tuesday, Evangelistic.  
Wednesday, Young People.  
Thursday, Evangelistic.  
Friday, Prayer meeting at Bro. Duley's.

Salvation for the soul; healing for the body. Jesus Christ is the same in power and love today, as in the days of old. Let every sin-sick soul, and every one whose body is afflicted, come and hear of this living, unchangeable Christ.

Good music and singing. Everybody welcome.

### Nazarene Church Announcements

Friday night will be Young People's meeting. There will be a special singing. Phil Harding will be the speaker.

Saturday night the prayer band will meet in the church.  
Sunday morning, 10:30. Holiness meeting. Subject, "Ought we to seek certain gifts of the Spirit, or will God give them as He will?" See Heb. 2:4.

Sunday, 3 p.m. Chester Laing at Greenbank.

Sunday night, a big battle for souls. Are you ready for His coming? If not, why not? True, it may be a long time. But then again it may be soon. Come with us and we will do you good.

### Barley, For Sale

Seed or Feed. Stored in town. Foxcroft, Phone 175, Claresholm.

Music Course.  
Instruction given on the Violin, Flute, Clarinet, Cornet, Trombone, Baritone, Guitar, Mandolin, Piano, Organ, Harmony and Conducting.

## National Aspect of Problems of Canadian Farmers

President of Canadian Council of Agriculture, at Annual Meeting in Regina, Reviews Work and Organization of Council, and Answers Recent Attacks.

In opening the annual meeting of the Canadian Council of Agriculture at Regina on February 22nd, the President, W. A. Amos, who is also President of the United Farmers of Ontario, briefly reviewed the work and organization of the Council, and vigorously replied to some recent attacks.

"The Council," said Mr. Amos, "has performed a great service for the farmer in Canada. It has been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars."

"The Council," said Mr. Amos, "has performed a great service for the farmer in Canada. It has been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars."

"The Council," said Mr. Amos, "has performed a great service for the farmer in Canada. It has been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars. It has also been successful in securing for them in the past several years, hundreds of millions of dollars in transportation charges, and in other ways, hundreds of millions of dollars."

constitution also provides that the women representatives in attendance at any meeting of the Council may move separately to discuss matters in which women are particularly interested, and that when so meeting they shall form the Women's Section of the Council.

Mr. Amos pointed out that the Council has no jurisdiction over the bodies in membership, each of which retains complete control over its own policies and activities, each of which is a conference of the representatives of the affiliated bodies.

The Council can only by unanimous consent, and when it does take action on any public question, it speaks for all the organizations affiliated in its membership, and not merely for a majority vote in Council meetings.

"The explanation of the procedure in the Canadian Council of Agriculture," said Mr. Amos, "should be sufficient to answer the criticisms that I understand have been widely circulated by certain persons, that the Council is controlled by the farmers' committees, or by a mere clique by the United Grain Growers and the Saskatchewan Co-operative Farmer's Council. Even if majority rule prevailed, these committees could not dominate the Council because by various persons, that the Council is controlled by the farmers' committees, or by a mere clique by the United Grain Growers and the Saskatchewan Co-operative Farmer's Council. Even if majority rule prevailed, these committees could not dominate the Council because by various persons, that the Council is controlled by the farmers' committees, or by a mere clique by the United Grain Growers and the Saskatchewan Co-operative Farmer's Council.
